Here is a draft MOU for your review. Please review and if you have any suggested changes feel free to send them around before the 9/15 meeting, at which time we will discuss. Thanks.

Hi everyone,

Thanks for your attendance and participation at last Friday's Bay-Delta meeting here at CEQ. We hope you've had a chance to gather feedback from your regional offices that will help us to identify appropriate and specific interagency next steps.

To that end, Mike and Letty have compared schedules and want to propose re-convening the group next Tuesday, September 15 from 1-2 pm in 730 Jackson Place. (This seems to be the earliest convenient time given scheduling constraints and a shortened week.)

On a related note, attached is the interagency Everglades MOU that Rock discussed at last week's meeting as a potential precedent for our efforts, which he asked us to forward along to the full group.

Please let us know if you have any questions – and looking forward to the discussion next week.

Best,  
Matt
